Transformer Cans

- ◆ UL879 listed. Certified by Underwriter's Laboratories to Canadian standard
- ◆ Two Top-Off models listed for wet/damp/dry locations; others listed for damp/dry locations.
- ◆ Strong and rigid; made of G90 galvanized steel .029 inch thick
- ◆ Meets UL requirements without being elevated above mounting surface
- ◆ Wet-listed boxes do not require extra rain shields. Also, required drain holes are included -- saves labor
- ◆ Primary and secondary grounding capability without drilling or punching
- ◆ Knock-outs for toggle switch
- ◆ Convenient 1/2" conduit knock-outs
- ◆ Flexible rain shield for easier installation
- ◆ Multiple louvers on each end to maximize ventilation and extend transformer life
- ◆ Multiple lengths available in Top Off models
- ◆ Side Off models allow for easier access to transformer for wiring
- ◆ Quality hardware - easy to work with
